

Extract No. 4
to privacy policy in connection with employment

Data processing related to the inspection of the Employee

The Employer draws the Employee's attention to the fact that the Employer is entitled to inspect the devices provided by the Employer (mobile phone and e-mail account) and to view all correspondence, messages and call lists made through them. If the Employee conducts private correspondence, exchanges messages and makes private telephone conversations on the devices provided by the Employer, the data contained therein also becomes data processed by the Employer.

Regarding the above, the Employer expressly requests the Employees not to engage in private correspondence, messaging and telephone conversations on the devices provided by the Employer.

The processed personal data	E-mail – Personal data received or sent through the corporate email. Mobile - Personal data received or sent through the corporate mobile phone.
Lawfulness	Legitimate interest
Purpose of data processing	Inspecting the Employee in respect of his/her work.
Duration of data processing	The duration of the employment relationship.
Data transfer	None.
